LEADER IN SECURE ELECTIONS

Making Elections Accurate, Transparent, and Accountable

Introducing Hand Count Road Show:

Let us demonstrate how your county can accurately and transparently conduct a ballot hand count at the precinct level. We will provide you and your elected officials with a two-hour presentation and demonstration of how this process could work in your county. It's feasible, efficient, and cost effective. It's a must if we are to restore and protect our Republic! Bring your elected officials and members of your community regardless of party affiliation. We are available for 3-hour time slots throughout the day. We can stay in your community for 2 days to accommodate your venue and audience needs.

Presentation and Demonstration Include:

- Description and real time illustration of the vulnerabilities of the current election systems
- Live demonstration of the hand count process with LED Display Tally Calculators
- Discussion of other ways to hand count ballots
- Discussion of results and implementation of hand counting at the County level
- Q&A Wrap-Up

What We Provide:

- Fully outfitted hand-counting stations
- 250 mock ballots with 20 races and 40 candidates
- PA system and AV if needed

What We Need You to Provide:

- 8-10 volunteer counters (age 14 - 80) and one hand count Judge
- Venue for parking Hand Count Road Show Truck & Trailer (65')
- Venue with chairs for audience
