

TEXANS FOR ELECTION INTEGRITY

Legislative Agenda Spring 2021

Election Reform is *THE* legislative priority this Spring.

Very little 2020 election fraud was prosecuted. Many prosecutors are in denial about failures to identify, investigate and prosecute voter fraud, and wider-scale **election fraud**, including the use of computers. Citizens who challenge results are threatened, cancelled, or called *terrorists* by political opponents. If unchecked, federal overreach, unlawful executive orders and external bad actors **will** determine the fate of Texas elections in 2022.

Texas Republicans are fed up with “go along to get along” “*business as usual*” state politics. As we reach the tipping point, **Who is our Champion?** We demand stronger **statewide** oversight, fraud reporting, training and standards for all officers, observers, poll workers or volunteers involved in elections. We must have **real-time transparency** and audits, increased security and preservation of records, **deterrents** and **reduced opportunity** for fraud; **severe** penalties for violators and **more prosecutions**. **Only lawful Texas resident citizens with current picture state ID** should participate in any aspect of our elections. 100% transparency and auditability of all: ballots, records, systems and logs, hardware and software, to include contractors, all persons at polling stations, service providers and manufacturers; no judicial or executive waivers **ever**.

DEFEND THE ALAMO - A FOUR PILLAR STRATEGY

- **1) 100% Transparency and Auditability:** Real-time accountability for open audit of voting records, and active security deterrents with much higher penalties for voter fraud, and the highest mandatory penalty for election fraud (impacts more than 20 ballots). Increase ID standards; instant fraud detection; real-time reporting of dead, duplicate or ineligible voters.
- **2) Early & Absentee Voting:** Early voting must be severely limited to no more than **2 days**. End the gap between early voting and election day; Sunday and Monday before an election day only. Voting Absentee should only be allowed for: **(A)** in-state residents with a severe physical disability, verified by a doctor within 90 days, and identity-checked by a notary, and **(B)** Texas resident active duty or activated military reserves outside the State on election day. Allowing anyone to vote absentee has opened the door to **blatant and rampant fraud**.
- **3) Restrain Computer Usage:** Outlaw internet connection for all voting systems. Tabulation must be based only on the paper hand count (double-verified, certified by a supervisor with commissioned observers present, and mandatory state audits, all under severe penalties for fraud), no tabulation on computers except for real-time audit, ballot reconciliation, detection of fraud, dead voters, duplicate or repetitive voting, ineligible, or unregistered voters.
- **4) Federal & Tech Restraints:** Provide severe criminal penalties, fines, arrest or expulsion for any non-Texas resident, to include any federal agency or social media entity, that advocates for or attempts: voter registration, vote-by-mail, application distribution, prison registration, ballot distribution or harvesting, computer intrusion, foreign or external actor intervention.

The **NEXT STEP** will be a constitutional amendment that returns to allowing only Texas tax payers to vote, and the rejection of authority for any official elected by another state's fraud.
